

What does the course cover?

This qualification is designed to provide a flexible general purpose pathway in the financial services industry. It is intended to meet the training needs of employees with roles that involve working across a range of duties in the financial services sector where a specialist qualification is not the most suitable qualification to meet their training needs. Individuals in these roles apply theoretical and technical knowledge and skills to work autonomously and exercise judgement in completing routine and non-routine activities.

Within a finance sector role, employees may promote customer services, administer financial operations and monitor compliance in a financial services office environment.

The job roles that this qualification is likely to address are:

- Generalist financial services roles where a varied skill base is required
- Retail financial services officer in a small branch or organisation where the role is varied
- Retail or wholesale financial services administration staff
- Leading/supervising a team
- Performing duties of a first line supervisor

13 Units must be achieved: 1 core unit (compulsory) plus 12 elective units.

For those acquiring this qualification through Credit Transfer (ie. have already completed selected units with another RTO), or RPL, guides state that 8 elective units should be from the elective units listed below (6 must have an FNS code) and 4 can be from this list or any other qualification at Certificate IV or Diploma level.
