Professional Development Session

Telephone Techniques: Selling Your Message Over the Phone

The National Finance Institute

This professional development session must be combined with others to create a customised half-day session.

What does the course cover?

Make the phone your friend and reap the benefits. In this one hour session, you will learn specific strategies for using your telephone as an effective sales and customer contact tool.

As a mortgage broker you spend a large portion of your time each day on the telephone. You need to ensure you are using this time to your full advantage by making a positive impact on the listener.

- How to answer telephone enquiries with greatest success
- Tips and strategies for closing more appointments over the telephone
- A telephone “process” for making you stand out from the other mortgage professionals in the hunt for the deal
- Example telephone scripts for a variety of situations.

Are there any CPD points available for this session?

This session has been designed to contribute toward the Mortgage Industry Association of Australia’s (MIAA) continuing professional development (CPD) requirements. The CPD points allocated, for each session may vary according to the level of technical knowledge involved. As an indication, mortgage industry related educational workshops are allocated 3 points per day or 1.5 points per session. However, these courses shouldn’t be considered a ‘point accumulation exercise’, but rather a means to create a competitive edge over your rivals.

What happens if I attend, but don’t gain any benefit?

If you attend an NFI professional development course and for any reason it does not prove to be an experience that can help you establish, or greatly improve, your career as a mortgage professional, you will receive a 100% refund upon request at the completion of the course. We make this guarantee because we believe 100% in the results our courses deliver.
