Professional Development Session

Network Your Way to Mortgage Success

The National Finance Institute

This professional development session must be combined with others to create a customised half-day session.

What does the course cover?

The formation of a professional network is important for any small business owner, particular in service industries! This one hour session will show you the essential networking skills for mortgage professionals and how to form your own networking group.

Networking is a low-cost, high-impact strategy that not only has the potential to generate new leads, but impact positively on all areas of your business. Networking is where the business world meets the social scene. An established network allows you to enjoy relationships, which will provide access to invaluable resources, such as new ideas, relevant information, quality advice, business opportunities, referrals and support.

- Discover a step-by-step process for establishing your own networking group
- Tap into your current 'undiscovered' network
- Learn the networking strategies that will turn you into the life of any business function.

Are there any CPD points available for this session?

This session has been designed to contribute toward the Mortgage Industry Association of Australia's (MIAA) continuing professional development (CPD) requirements. The CPD points allocated, for each session may vary according to the level of technical knowledge involved. As an indication, mortgage industry related educational workshops are allocated 3 points per day or 1.5 points per session. However, these courses shouldn't be considered a 'point accumulation exercise', but rather a means to create a competitive edge over your rivals.
